

## INTRODUCING A NEW COURSE OFFERING

WHERE:

2702 Qualtrough Street  
San Diego, CA 92106

WHEN: May 4-5, 2019

TIME: 0800-1700, both Saturday and Sunday

- Assess, diagnose and treat victim swiftly and accurately
- Practice lifesaving skills: CPR, airway management, rescue breathing, bleeding control and stabilization

## DESCRIPTION

If you are cruising, racing, out for the day or offshore for a month, the knowledge gained in this course is essential. Dive into the most common types of boating injuries and preventative strategies. Learn maritime specific considerations not commonly taught in standard first aid courses.

Each course is led by expert healthcare, rescue and maritime professionals. First Aid and CPR is Certified by American Heart Association; additional certifications are pending.
